

CUSHING DECLARES DATE WAS CHANGED

Says Letter Was Written in September, But the Enclosure Was Dated October

HIS MEMORY WAS BETTER

Mr. Cushing Was Quite Definite in His Recollection of Some Points Today

Much of the evidence given by Mr. Cushing at this morning's sitting of the Royal Commission was directly contrary to that given by the Premier and the Attorney General during the last week. Mr. Cushing was very definite in his statements in regard to the cabinet meetings held last September and October, quite in contrast to his evidence yesterday afternoon. Some of the evidence brought out this morning was rather sensational. Mr. Cushing making statements that could not be construed in any other way than casting a reflection upon the clerk of the executive council. Mr. Cushing declared that the date contained in the letter that he had given to the Premier, and in which he stated his objection to the specifications of the road, had been changed from September 14th to October 7th. Mr. Rutherford in his evidence stated that he had received this letter on the seventh of October. Mr. Cushing this morning said that he himself had given it to the Premier on the eighth of September.

Shortly before noon Mr. Biggar commenced his cross-examination. He closely questioned Mr. Cushing as to the letter in which he alleged the date had been changed. He drew attention to the fact that in Mr. Cushing's letter to the Premier, which he declared he sent on the eighth of September, he was enclosing a letter from Mr. Chalmers, which bore an October date instead of a September date. Mr. Cushing said that the letter was dated "October 7th" and was enclosed in a letter written in September. The ex-minister replied that the letter from Mr. Biggar which he had received from the public works file must be another letter from that received in that to the Premier. But as Mr. Biggar pointed out to notes on the specifications and there was no record anywhere in the public works department that Mr. Chalmers had ever prepared any but the one report on this.

First Met Clarke.

On the continuation of Mr. Cushing's examination, Mr. Johnston endeavored to fix the date on which Mr. Cushing met Clarke.

"I do not think that I met him before the meeting on the fourteenth of November, 1908, when the Premier sent his letter to Clarke," said Mr. Cushing.

Mr. Cushing further stated that on the day before this meeting two of the company's engineers, Mr. Goodyear and Mr. Phillips, met him and Mr. Chalmers, in Mr. Cushing's office.

"What did they want?"

"They discussed the country north of Edmonton, and each of them had a sketch that they had made of the country."

"And the first time you were acting for Mr. Clarke?"

"No. All they told me was that they were acting for a company that wanted to get aid from the government to build a road to the north. The conference lasted about an hour, and they met Mr. Stocks again that evening in his office."

"And the first time you met Mr. Clarke was at the cabinet meeting the next day?"

"Yes, that is my recollection."

"Who else was there?"

"Mr. Rutherford, Mr. Cross, and I think Mr. Stocks was there, and for a while during the meeting."

"And did you ever have any discussion with any member of the government before this meeting as to guarantee the bonds of this railway?"

"Not in my recollection."

"Well, can you say for a fact?"

"Yes, I can. The only time that I ever discussed anything with any member of the government was with the Premier after my return from Winnipeg."

"Does the matter brought up at this meeting?"

"The Premier introduced the subject, but did not discuss it, and the principle of aiding the railway."

Fixing Guarantee.

"What took place here?"

"The amount of the guarantee was mentioned. The company asked for \$200,000 a mile. The Premier suggested \$150,000. Then it was decided that \$180,000 was to be given, but the company's engineers said it was a bad country to build through. Then \$200,000 a mile was mentioned. I was not present, but it was suggested that the government's engineers make an inspection of the road, and that the guarantee would be determined on a percentage basis, in no case to be more than \$200,000. That is if they estimated the cost at \$200,000 a mile the guarantee

TWENTY DROWN IN ENGLISH CHANNEL

Steamer Was Sunk in Collision and Only Two of the Crew Were Rescued

Cowes, Isle of Wight, May 25.—Twenty persons were drowned as the result of a collision yesterday between the steamer Skerryvore and the German bark J. C. Vamen in the English channel. The Skerryvore sank, only two of the steamer's crew were rescued, one of whom died a short time later.

WINTER WHEAT IN CENTRAL ALBERTA

Deputy Minister of Agriculture Reports It Has Been Very Successful

NORTHWEST OF THIS CITY

Mr. Harcourt Speaks Enthusiastically of the Country North and Northwest of Here

Mr. George Harcourt, deputy minister of agriculture, together with W. F. Stevens, local stock commissioner, and A. W. Foley, poultry superintendent, have just returned from a trip into the country north and northwest of here. Mr. Harcourt has heard that the country north and northwest of here is a fine place for winter wheat. There had been no winter wheat in the country north and northwest of here for many years. Mr. Harcourt said that he was pleased to find good crops of alfalfa and clover in the country north and northwest of here. He also found that the country north and northwest of here was a fine place for winter wheat. There had been no winter wheat in the country north and northwest of here for many years. Mr. Harcourt said that he was pleased to find good crops of alfalfa and clover in the country north and northwest of here. He also found that the country north and northwest of here was a fine place for winter wheat.

FOREST FIRE IN MANITOBA

Damage Has Already Totalled Over Half a Million Dollars

FIGHT IS A HARD ONE

Two Hundred Forest Rangers Are at Work Under Chief Forest Ranger

Dauphin, Man., May 25.—Notwithstanding the organized efforts of large gangs of men under experienced forest rangers, little success has been met with in fighting the raging forest fires at Mistatim. The fire is now in heavy timber and much difficulty is being met in trying to cope with its rapid advance. The very dry state of the country is adding to the difficulty.

Chief Forest Ranger Davis of Dauphin is now in charge of two hundred men and trying to clear a space and in this way cut it off.

A half a million dollars' worth of timber has already been destroyed.

After a break of nearly ten weeks the local legislature reopens again tomorrow afternoon at three o'clock. It is not likely that anything of importance will be done, as the reason the House adjourned was to have the A. & G. W. deal investigated and the report laid before the House before they adjourned. The report of the commission is not ready yet, and it is very doubtful if it will finish its work before the end of next week. As a result of this it is possible that the House will adjourn again until the report of the commission is ready. Premier Rutherford has admitted that this was what he had in mind, but said that it had not been decided definitely yet.

Any new business of importance will come up tomorrow afternoon, according to the Premier.

Some of the members of the assembly have already arrived in the city, and most of them look in the morning and listened to the proceedings with great interest. Among those that are here are Mr. St. Laurent, W. P. Puffer, Frank Walker, the Liberal whip; Peter Gunn, Brander, Charles Campbell, K. Shaw, and Tedford, besides those ministers and members whose homes are in the city.

YOUNG WOMAN WAS
TO BE SACRIFICED

Sheriff Interfered Just as the Knife Was Ready to Do Its Deadly Work

WERE AFRAID OF COMET

Freemasons Religious Sect in Oklahoma Tried to Put Mad Doctrines Into Practice

Okla., May 25.—Word has reached here from Arline that on Friday June 10, 1909, she was rescued from a band of religious fanatics twenty-five miles southwest of here. She was about to be offered up as a sacrifice to make a blood atonement that the sins of the world might be forgiven.

The sheriff of DeWitt county had been informed that the fanatics had given out that they were a revelation from God that the world was to end in May and the fanatics would be rolled up like a scroll following the disaster was a blood sacrifice; that in order to save the world a sacrifice must be made and the lot had fallen to Jane Warfield.

Sheriff Hughes with a posse of six men, including his own son, Henry Heiman, had received a revelation from God that the world was to end in May and the fanatics would be rolled up like a scroll following the disaster was a blood sacrifice; that in order to save the world a sacrifice must be made and the lot had fallen to Jane Warfield.

The sheriff of DeWitt county had been informed that the fanatics had given out that they were a revelation from God that the world was to end in May and the fanatics would be rolled up like a scroll following the disaster was a blood sacrifice; that in order to save the world a sacrifice must be made and the lot had fallen to Jane Warfield.

At Manola he found a colony of Americans, who were progressing rapidly in their cultivation of the land.

Altogether Mr. Harcourt said it was the most fertile and best country he had ever seen. Everywhere the people were eager for information. They had been told that the world was to end in May and the fanatics would be rolled up like a scroll following the disaster was a blood sacrifice; that in order to save the world a sacrifice must be made and the lot had fallen to Jane Warfield.

The trip was a strenuous one—the meetings were scarcely ever over before midnight and the travellers had to be up early the next morning to start on their 30 or 40 mile drive to the next settlement.

ALL HOPES GONE,
EIGHTEEN PERISH

Steamer Lost and Its Crew Perish in Lake Huron

TWO BOATS COLLIDED

The Frank H. Goodyear Was Struck Amidships by the James B. Woods

Port Huron, Mich., May 25.—The families and friends of the missing eighteen members of the crew of the ill-fated Frank H. Goodyear, which sank on Monday morning off Pointe St. Ignace, Port Huron, after being rammed and sunk by the steamer J. B. Wood, today practically gave up hopes of any of the crew being rescued.

More of the rescued members of the crew have gone to the Goodyear's headquarters in Cleveland, and Mrs. Emma Russell, the only other survivor, is still in Port Huron. The scene of the collision was about twenty-five miles above Pointe St. Ignace.

KILLED BY NOXIOUS GAS AFTER AN EXPLOSION

Prominent Financial Man of New York Met His Death in Chemical Laboratory

New York, May 25.—Charles Conrey Dickinson, former president of the Carnegie Trust Co., died today as the result of inhaling noxious gases, following an explosion in the chemical laboratory at Seranton, where he went to witness experiments.

LEGISLATURE WILL REOPEN TOMORROW

May Rise Again Until Commission Finishes Its Work

MEMBERS ARE IN TOWN

Most of Them Attended the Session of the Royal Commission Today

After a break of nearly ten weeks the local legislature reopens again tomorrow afternoon at three o'clock. It is not likely that anything of importance will be done, as the reason the House adjourned was to have the A. & G. W. deal investigated and the report laid before the House before they adjourned.

The report of the commission is not ready yet, and it is very doubtful if it will finish its work before the end of next week. As a result of this it is possible that the House will adjourn again until the report of the commission is ready.

Premier Rutherford has admitted that this was what he had in mind, but said that it had not been decided definitely yet.

Any new business of importance will come up tomorrow afternoon, according to the Premier.

Some of the members of the assembly have already arrived in the city, and most of them look in the morning and listened to the proceedings with great interest.

Among those that are here are Mr. St. Laurent, W. P. Puffer, Frank Walker, the Liberal whip; Peter Gunn, Brander, Charles Campbell, K. Shaw, and Tedford, besides those ministers and members whose homes are in the city.

COOK IS ACCUSED OF ANOTHER FALSE

Said That He Stole Aged Missionary's Book While Visiting the Latter

TRIED TO PUBLISH IT

It Is Alleged That He Was Going to Take All the Credit Himself

New York, May 25.—Dr. Frederick A. Cook, who professed to have discovered the North Pole and was declared to be one of the boldest fakers the world has ever known, is receiving the attention of Copernicus and scientists for another alleged attempt at faking.

The latest charge of faking to be laid at Dr. Cook's door is that he tried to have published under his own name a valuable acquisition to ethnological science, gathered and compiled by an aged missionary who lived and died in Terra del Fuego.

Dr. Cook is asserted, obtained the missionary's confidence on a visit three years ago while a member of a Belgian Antarctic expedition. The work in question was a Yaghan grammar and dictionary. It represented the life work of the Rev. Thomas Bridges, who spent 25 years among the Onas and the Yaghans, two barbarian tribes of Terra del Fuego.

The book consisted of 30,000 words and was a scientific record of the language of a tribe which would soon pass out of existence. That Dr. Cook attempted to publish this work under his own name is charged by Charles H. Townsend, director of the New York Museum and a member of the expedition.

Dr. Cook is charged with having stolen the book from the Yaghans, from which Dr. Cook was expelled after the exposure of his Mount McKinley faking.

Townsend was largely instrumental in causing the commission Devoe to reconsider its first intention of publishing the work at Dr. Cook's and bringing out as the life labor of the Rev. Mr. Bridges, its real author.

While in Terra del Fuego Dr. Cook had an opportunity to make a cursory investigation of the Onas. But of the Yaghans he knew nothing except what was told him by Mr. Bridges.

Spring Suits you'll find hard to pass at Kelly & Moore's.

MRS. MATTHEWS' COUNSEL MADE ELOQUENT ARGUMENT

CONSTRUCTION WILL BE RUSHED

General Manager of the A. and G. W. Discusses Company's Plans

LABOR VERY SCARCE NOW

Difficulty of Getting Grading Outfits May Hamper Work at This Season

Mr. E. A. James, general manager of the Alberta and Great Waterways Railway, arrived in Edmonton yesterday, and speaking to a representative of The Capitalist this morning said that construction will be started in a few days' time, and the work will be rushed ahead so as to get as much as possible done before the fall.

Had there been no trouble, he said, the work would have been completed this year, but now owing to the scarcity of laborers and grading outfits, it is hardly expected that as much will be done as he would have liked.

He had met, he said, some Edmonton men in Winnipeg, who had told him that business in Edmonton was dull, and would benefit greatly by this new line. The city had grown as much as it would grow until it had more opportunity to expand under better railway facilities.

The inhabitants of northern Alberta did not seem to be enthusiastic in the new railway as might be expected; but it is certain that the line will be beneficial in every respect.

Labor, he said, is very scarce; and what there is, has been snapped up by the other railways. Also, it is great difficulty in procuring grading outfits so late in the season, so that the work will be seriously hampered in this respect.

PROMINENT WRITER
TO VISIT THE WEST

Frank T. Bullen, Famous Story Writer, Acting as Special Correspondent

Toronto, Ont., May 25.—Two well-known public men, who may be asked to become unofficial immigration agents, have been invited to visit the West this morning on a trip through the West. They are Altemus Twigg, chairman of the British dominion committee, who is touring Canada with a view of increasing West England's knowledge of the Dominion, and Frank T. Bullen, the famous writer of sea-faring life, who is writing many newspaper articles on the C.N.R. and Sunday morning from Port Arthur and leave that place, spending a couple of hours in return.

On Monday morning they will be in Prince Albert, Monday afternoon at Saskatoon and Edmonton, Tuesday at Regina, and Wednesday at the Coast, and Altemus Twigg returns via Saskatoon, Regina and Dauphin.

KILLED AT R.V. CROSSING

Port Williams, Ont., May 25.—Lanigan Thompson, a well-known citizen, aged sixty-four, was killed yesterday afternoon on the C.N.R. crossing at Arthur street.

CANADIAN BOY WON SHOOTING TROPHY

Imperial Cadet Meet at London Was a Great and Pleasing Success

LORD ROBERTS THERE

Canadian Cadets Are to be Entertained at Eton and at Portsmouth

London, May 25.—The shooting at the Imperial Cadet meeting held in London yesterday was of the most brilliant character. The Canadian cadets did very well. Tiddy Dunsford, especially distinguished himself. He won the Rockfille Cup and the Gold Medal presented by Lord Strathcona for snap shooting from behind cover with 40 out of a possible 40.

Crawford, Bates and Tidswell, though they failed to lift any of the pots, were successful in smaller prize winners in many events.

Lord Roberts attended the range, their shooting and emphasized especially the value of marksmanship at short distances such as he had seen there, saying it would have a decisive effect in the war.

The Canadian cadets have an excellent round of entertainments before them, including visits to Eton and Portsmouth.

When she was on top of Matthews' smothering him, and Chapman entered the room, she called to him, "Sweet, come and help me." It is likely that she would use such terms of endearment in her statement. Wouldn't she rather say, "Help me, I'm exhausted," than "Sweet?"

Mr. Robertson, making the same point of the court, "Chapman has said he expected to be lynched, but if they do hang him, they won't be stretching the truth."

"The prosecution have come over to ask a favor of the jury. They say they bring with them flimsy affidavits and not the best evidence that could be had. The prosecution have not been fair, and that if they wished for a favor from this court, they should have produced it. The best evidence that could be obtained."

Mr. Robertson then proceeded to take the affidavits one by one and to point out the absurdity of their evidence, and to make a number of mistakes and misstatements in them. They seem," he said, "to be made up of nothing but mistakes."

Mr. Robertson now brought out the point that the doctors had given a verdict of heart failure, at the request and at the suggestion of the prosecution. He said that he was dissatisfied with the finding, no further examination of the body was made. Altemus Twigg said that he was in the absence of good faith on the part of the prosecution and all the evidence available, had not been submitted.

THE VICTORIA DAY MEETING MOST SUCCESSFUL EVER

Parney Won 100 and 220 Yards—Police Won Tug-of-War—Good Horse Races.

The anniversary of the birth of Queen Victoria was celebrated at Fort Saskatchewan as it has been for the last fourteen years, but never so successfully nor under such ideal conditions as it was yesterday. Even the weather man, often out of sorts on such occasions, was in his best mood, and showered his approval from sunrise to sunset. Of course the unqualified success of the fair depended largely upon efficient management and those gentlemen who had official connection with it are to be heartily congratulated upon their achievement. It is a very difficult thing to manage such a large crowd as that which patronized yesterday's sports, but it is organization there was a careful regard for detail, everything passed off in a most smooth manner.

Three special trains were necessary to carry the crowd to the Fort and it is estimated that over 200 people were present. Not all of these, of course, were from Edmonton, as there besides the excursion steamers, trains from the east, which brought a goodly number of pleasure seekers to the historic spot. The lady folk, of course, were well represented, and their new summer apparel added a decided touch of color to the scene. The small boys were in full force, and with them the inevitable fire crackers.

Music was supplied in plenty, two bands being present, not to say anything of a Highland pipe. The Strathcona civic band, placed opposite the grand stand while the other, the Fort Saskatchewan outfit, was located in the main grandstand. Popular and patriotic music filled the air all day and effectively enlivened any possible dull moments.

There was no dearth of refreshments as several booths were located near the stand where one could alleviate his thirst or hunger. The booths were under the management of Fort Saskatchewan ladies, who, it is realized, will be devoted to some charitable object. Lunch was also served on the grounds and many took advantage of the short suspension of the programme at noon in order to satisfy their appetites.

Athletic Events.
The programme of sports was varied, interesting and exciting. The principal event, of course, was the ten mile Marathon race, won by Alex. Deaton, of the Edmonton Irish Association. "This exciting race was run in another column on this page, as it is the football match between Edmonton St. George's and the Strathcona team, won by the former by a score of five to two.

The Tug of War.
Another exciting contest was the tug-of-war, between teams chosen from the Edmonton police force and the Irish Association. This event was arranged in three heats. The first one was the most hotly contested, the opposing teams fighting every inch of ground. It looked like a certainty that the Irishmen, but on each occasion they regained their lost ground, until finally they succeeded in pulling their opponents across the line. However, their jubilation was short-lived, as in the second and third heats, the superior weight of the policemen (all on them and they succeeded without resistance. It is understood that the cops had an advantage in weight of about twenty pounds a man over their adversaries. This advantage caused very much entertainment and those supporters of either team were evenly balanced.

Among the Ponies.
At one o'clock the afternoon session was begun. The horse races were very good drawing card and some pretty exhibitions were pulled off in that line.

Following is a summary of the racing events:

Free for all, trot or pace for a purse of \$200.

Heats.
1st and 2nd.
Fireball, Teelton, 2
Teaser, Dryden, 3
Time: 2:31; 2:36.
230 trot or pace for a purse of \$175.

Heats.
1st and 2nd.
Bonnie K., Sutherland, 2
Bonnie K., Sutherland, 2
Open run, half mile, for a purse of \$200.

Heats.
1st and 2nd.
Columbia Joe, P. Turner, 1
Columbia Joe, P. Turner, 1
Buckingham, M. Barber, 3
Unofficial on account of protest.

Open run, half mile, for a purse of \$200.

Heats.
1st and 2nd.
Onset, R. L. Cox, 1
Dell, T. L. Cox, 1
Duffy, L. G. L. Owen, 3
Time: 2:19.

Local run, half mile, for a purse of \$75.

Heats.
1st and 2nd.
Minnie, P. E. Simmonds, 1
Dell, Oliver, Farrow, 1
Boanie, E. Simmonds, 3
Peter, J. Thompson, 4

DECOATEAU IS FINE RUNNER

Crack I. C. A. A. Distance Man Won Ten Mile Race by 8 Minutes—His Time 59.3

After leading almost from the start, Alex. Decoteau, of the Edmonton Irish Association, won the ten mile road race held in connection with the Fort Saskatchewan sports yesterday. Decoteau never was in danger, winning handily with eight minutes to spare. He was also in splendid condition at the finish, sprinting the last 25 yards in record-breaking time, being timed on a breakaway from the line.

The start was made at Half Way House at about eleven o'clock, and the race finished in front of the grandstand.

The competitors hung together closely together for the first four miles, Decoteau then sprang forward and lengthening the distance considerably between himself and his closest competitor, he won easily.

It was almost a foregone conclusion that Decoteau would win.

Clifford Dunlop, of the Edmonton Irish Association, was second, his time was 67 minutes and 20 seconds.

Cox closed behind him P. D. Gordon, of the Strathcona Athletic Association, the winner of the race last year. Gordon was unfortunately knocked out of the race in the initial stages of the race which handicapped him considerably.

The prizes, which go with the race, are an silver cup for the winner, and gold medals for the second and third runners.

O, YOU HARRY BURRIDGE

He Knocked Out a Three Bagger With the Bases Full, in the Ninth—Edkoms won, 5 to 4

Monday night's game had rather a chequered career. First, Deacon White won it. Then Sam Schultze handed it back to the Miners. Finally, Harry BurrIDGE and his big stick, aided materially by the frenzied rooting of the spectators, grabbed back the old game and hit it tenderly away to the Edmonton ball park.

There was an evening of thrills and the whirling Irish, when Gregory was snatched from the jaws of defeat, served to send the 750 spectators home in high spirits.

Dell and Lezie were the opposing pitchers, and neither pitched the best game ever. For five innings neither team broke into the run column. True, things looked bad for the Eskimos on the fourth. With Cox, Lezie and Lynch, the big fellow looked to be in the lead, but he was not.

Deaton won the game, 5 to 4. The time was 4:45.5.

The results of the remaining events are as follows:

100 yards sprint, junior—1st, T. S. Backham, Edmonton Irish Association; 2nd, H. J. Dean, Y. M. C. A.; 3rd, Arthur W. Deitz, Strathcona. Time 1:45.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

Half mile, senior—1st, Fred Parney, Y.M.C.A.; 2nd, F. J. Folinbe, Y. M. C. A.; 3rd, G. M. Cundey, Melville. Time 2:15.5 seconds.

440 yards sprint, junior—1st, T. S. Backham, Irish Association; 2nd, H. J. Dean, Irish Association; 3rd, J. B. Irish Association. Time 5:03.5 seconds.

Williams Won the Half Mile.

Half mile, senior—1st, E. G. Williams, Y.M.C.A.; 2nd, H. J. Speers, Irish Association; 3rd, G. M. Cundey, Melville. Time 2:14.5 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

100 yards sprint, junior—1st, T. S. Backham, Irish Association; 2nd, H. J. Dean, Irish Association; 3rd, J. B. Irish Association. Time 5:03.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

Half mile, senior—1st, E. G. Williams, Y.M.C.A.; 2nd, H. J. Speers, Irish Association; 3rd, G. M. Cundey, Melville. Time 2:14.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

100 yards sprint, junior—1st, T. S. Backham, Irish Association; 2nd, H. J. Dean, Irish Association; 3rd, J. B. Irish Association. Time 5:03.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

Half mile, senior—1st, E. G. Williams, Y.M.C.A.; 2nd, H. J. Speers, Irish Association; 3rd, G. M. Cundey, Melville. Time 2:14.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

100 yards sprint, junior—1st, T. S. Backham, Irish Association; 2nd, H. J. Dean, Irish Association; 3rd, J. B. Irish Association. Time 5:03.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

Half mile, senior—1st, E. G. Williams, Y.M.C.A.; 2nd, H. J. Speers, Irish Association; 3rd, G. M. Cundey, Melville. Time 2:14.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

100 yards sprint, junior—1st, T. S. Backham, Irish Association; 2nd, H. J. Dean, Irish Association; 3rd, J. B. Irish Association. Time 5:03.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

Half mile, senior—1st, E. G. Williams, Y.M.C.A.; 2nd, H. J. Speers, Irish Association; 3rd, G. M. Cundey, Melville. Time 2:14.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

100 yards sprint, junior—1st, T. S. Backham, Irish Association; 2nd, H. J. Dean, Irish Association; 3rd, J. B. Irish Association. Time 5:03.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

Half mile, senior—1st, E. G. Williams, Y.M.C.A.; 2nd, H. J. Speers, Irish Association; 3rd, G. M. Cundey, Melville. Time 2:14.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

100 yards sprint, junior—1st, T. S. Backham, Irish Association; 2nd, H. J. Dean, Irish Association; 3rd, J. B. Irish Association. Time 5:03.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

Half mile, senior—1st, E. G. Williams, Y.M.C.A.; 2nd, H. J. Speers, Irish Association; 3rd, G. M. Cundey, Melville. Time 2:14.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

Relay Race—1st, Y. M. C. A.; 2nd, Caledonian Association.

100 yards sprint, junior—1st, T. S. Backham, Irish Association; 2nd, H. J. Dean, Irish Association; 3rd, J. B. Irish Association. Time 5:03.5 seconds.

440 yards sprint, junior—1st, Arthur W. Deitz, Strathcona; 2nd, Clement Murray, Y. M. C. A.; 3rd, Wilbur Armstrong, Y. M. C. A. Time 1:13.3 seconds.

JOY AND SORROW THE PITCHERS

We View the Double Header Mixed Feelings—It was a Bad Day for Pitchers

Three out of five is not too bad. Game tonight 5 to 6.15.

A total of 21 hits will boost the batting averages.

And today the hit visit us for four games. Let's take three.

Click out on the rough work yesterday. He hits the ball hard.

Lassi made no hits in the first game but two triples in the second. Both looked like homers.

McLair is due to show us something. Curves are very nice, but there is also a home plate to be considered, they come bigger. (Joke)

Morse takes down a new hat and a box of cigars. Choose a silk one, Pete, they come bigger. (Joke)

Lassi is evidently not a slave to Lady Nicotine, or he would have tried a little harder on those pitches.

It was a 100 to 1 in the second that Pich would nail the game and no takers.

Pitcher Dellar—Games, 4; won, 4; P.C., 100. After the game Dellar drove to the hotel in a carriage.

Sammy Schultze performed nicely at the bat, but is inclined to let the ball when fielding grounds.

All Pich had in the box with him was crust. But the Eskimos couldn't bite him.

We need another first class finger. Deacon. Don't overlook Dellar and Dell.

The purveyors of ice cream cones, cigars, etc., are a bit of a nuisance. Especially if one has pet corns.

John Brennan put up two fine games and it was without doubt the best third sacker in the League.

Ohayer's playing of first sack and his hitting are nothing to blow about. Deacon has him beaten a mile.

How Lethbridge did pray for darkness last night. Chevy was on the verge of lighting a lamp and then Brogan how in sight.

The Miners act like a bunch of clowns during a game, and the ones that try to be funny, such as Mackin, are very painful.

The umpire's decisions did not please dear President Edkoms' team. A few dollar line was collected from the giddy people. Dudley.

If Brogan had remained behind the bat in the second game we would have won it. Lynch scalded down the scoring pie.

That engineer on the Y. E. & P. who moved away to the box yesterday afternoon was very unpopular with his friends on the roof. Attendance 200.

Do you remember us mentioning something about Pete Morse being in the summer of 1911? The time was 5:00 p.m. and 5:15 o'clock old chum Sam Cox.

Secretary Deaver after counting yesterday's receipts, says he is competent to say that the game was a money city bank. Too bad the gate receipts are pooled.

Deacon White accepted 26 chances on first without an error. Not too bad for a man that is just tiling in. In addition, he and Brennan are among the only players that can lay down a punt.

The attendance yesterday afternoon, 1547 paid admissions is a local record. The standing room only sign was hanging in the summer of 1911. The time was 5:00 p.m. and 5:15 o'clock old chum Sam Cox.

BAD DAY FOR THE PITCHERS

Game Last Evening Was marked By Heavy Hitting—Lethbridge Got Decision, 10 to 7

The evening game was another swat fest, but, unfortunately to relate, the Miners did the bulk of the swatting. Two big hitters were a common occurrence, and even a three-bagger drew scanty applause from the jaded fans.

When the scorers had tallied up the counters, it was discovered that Lethbridge led across the tape by 10 to 7.

Cy, Pich, with homebushes hanging around his neck, attached to his belt, a rabbit foot, in his hip pocket, and one stocking turned inside out, laced the game and won. He started off like a wild tornado and the fans thought he was Santa Claus. But the old score came through with the long end of the purse in spite of several shocks to his sensitive nerves.

The Eskimos touched him up for ten safeties, of which Lussi had two triples.

Jack Grady started out to pitch and got through the first innings unscathed. He was not too big in his half. Grady started in the second and it proved his finish. McLair taking the mound, he pitched a better and two runs came in. Eskimos came back with three runs, and things looked bad for the Miners.

McLair was not too big in his half. Grady started in the second and it proved his finish. McLair taking the mound, he pitched a better and two runs came in. Eskimos came back with three runs, and things looked bad for the Miners.

HUDSON BAY DIRECTORS.

London, May 25.—It is stated that the new directors of the Hudson's Bay Company have elected a representative of J. P. Morgan's firm, Mr. Burbridge, managing director of Harrold's stores and possibly a well-known Parisian financier.

GAS NEAR FORT WILLIAM.

Fort William, May 25.—A strike of natural gas has been made here, and an investigation is going on to ascertain if it amounts to enough to be commercially important to the city. The strike was made on the Mission property of the C.P.R. near Mission Indian village. Workmen were sinking piles for the roundhouse foundation to the bedrock, in some places sixty-four feet below the surface, when one pile tapped the natural gas, the pressure of the gas being enough to lift the pile and much thirty feet into the air.

AMERICANS MAY CONTRIBUTE

London, May 25.—Theodore Roosevelt, writing to the secretary of the War Memorial Fund, says: "No man is worthier of a monument to be raised alike by English, Americans and Canadians."

THEY TOOK HIM FROM HIS BED

DODD'S KIDNEY PILLS CURED MR. F. McAVULFEE'S LUMBAGO

Lachute man, after fourteen years of suffering, finds health an dawning in an old reliable Kidney remedy.

Lachute, Que., May 2.—(Special).—After fourteen years of suffering, which started from pleurisy, followed by dropsical swellings, and culminated in lumbago, and confined him to his bed, Malachi F. McAvulfee, a well-known resident of this place, has entirely recovered his health, and he says without hesitation, "I am sure it is entirely to Dodd's Kidney Pills."

He was laid up with Pleurisy, which affected my Kidney," Mr. McAvulfee continues, "I suffered a great deal of pain, especially in my back. I was also terribly troubled with dropsical swellings, and finally after many attempts to get rid of my trouble, I found myself compelled to give up and was confined to my bed with lumbago. I tried many medicines, but they failed to do me any good. Then I turned to Dodd's Kidney Pills, and after taking one box I was greatly relieved. I took several more boxes and found myself completely cured."

Dodd's Kidney Pills always cure any and all forms of Kidney Disease.

ORANGEMAN PLAN FOR THE 80TH ANNIVERSARY

Eighty Years Since First Warrant Issued by Grand Lodge of B. N. A.

Brookville, Ont., May 25.—Brookville Orangemen are planning to hold on July 12th one of the biggest celebrations in the history of Eastern Ontario. The event being commemorated is the 80th anniversary of the first warrant issued by the Grand Lodge of British North America, that to L.O.L. No. 1 of this town.

An ambitious object is to build a suitable memorial to the first Grand Master, Col. Ogle R. Gowan, ex-31.P. who inaugurated and established Orangemen in this part of the British Empire under the Grand Lodge of British North America. The idea of erecting the memorial seems not only appropriate but a well merited one to one who devoted nearly all his life to Orangemen, and at his own expense travelled throughout Ontario when travelling was chiefly performed on foot and by wagons, organizing new lodges.

OXFORD MAN FOR WYCLIFFE.
Toronto, May 25.—A unanimous invitation has been extended to Dr. Griffith Thomas, of Oxford, to become professor at Wycliffe College. It is expected that he will enter upon his new duties next October. Dr. Griffith Thomas comes to Canada with a reputation well won in the old land. He is a graduate in Arts of King's College, London, and subsequently entered for the theological courses at Christ Church College, Oxford, winning high honors from that university when he received his theological degrees. Dr. Thomas is a comparatively young man, being only forty-nine. He commenced his ministry under the venerable Canon Christopher, vicar of St. Aldgate's, Oxford.

TAXING INSURANCE COMPANIES.

Montreal, May 25.—During the year the city has received a revenue of \$20,000.33 from the special tax imposed upon fire insurance companies. This demands that the companies shall pay into the city treasury one per cent. of all the premiums received. Affidavits presented by forty-eight companies setting forth the premiums they have received show that \$2,152,807 was invested in fire insurance during the year.

COULD NOT HOLD BABY FOR BOARD

Refused to Give It Up Until Bill Was Paid, But Judge Ruled Otherwise

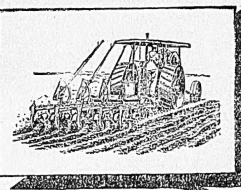

New York, May 25.—Mrs. Mary Murphy of 436 East Sixty-ninth street has a three-year-old son John, who has been boarding with Mrs. Frances Wittenberg. She decided last week that she would take the boy home and said up its board at \$3 a week, but Mrs. Wittenberg wouldn't give up the child. Mrs. Murphy accordingly got a writ of habeas corpus and had Mrs. Wittenberg and the child both before Supreme Court Justice McCall yesterday.

"Why don't you give this woman her child?" asked the Court. "Because she owes me for nursing the child through a serious illness," said Mrs. Wittenberg. "You can't hold the child as hostage," said Justice McCall. "Where is the child?" "Sleeping over there on the bench," replied the woman. "You over there and get the child and take it home with you," the Court told Mrs. Murphy. "Do I get judgment against Mrs. Murphy, then?" asked Mrs. Wittenberg. "I don't know anything about the merits of your claim," said Justice McCall. "Go and see a lawyer. The only thing I know is that this woman owes her child and gets it quick."

Insensible in Aeroplane.
Paris, May 25.—The danger to aviators is not confined to falling to the ground. While M. Nan was piloting a monoplane at Juvisy a gust of wind caused his machine to sever and the aviator was thrown against a wire stay. He struck with such force that he was rendered insensible. The machine then fell to the ground. M. Nan was removed to his home, still unconscious. He is out of danger, however.

Marriage Licenses issued. Jackson Bros., jewellers.

Power PLOWING Multiplies Profits

LET the next plowing season find you in the first rank of progressive, business like, money-making farmers. Prepare to cut down the expense of plowing and thus increase your profits with an International Harvester Tractor.

It has been proved beyond question by competitive tests in this country, Canada and Europe that plowing can be done with greater speed, efficiency and economy with an International Harvester tractor than with any other power.

Yet these tests are only official acknowledgment of a fact that hundreds of practical farmers have proved for themselves.
With an International Harvester Tractor
—You can plow 5 or 6 furrows in the same time it takes to plow 2 or 3 with a horse drawn plow.
—One man does the work of several men and many horses.
—There is no expense for feed.
—You avoid the drudgery of walking thousands of miles for every square mile plowed.
—You avoid the expense of replacing broken down horses.
—You are independent of hired help.
—You have an economical, dependable power always ready for drawing heavy loads, road making, running threshers, shellers, shredders and other machines and hauling them from place to place.

International Gasoline Tractors

have none of the disadvantages of the steam tractors—no smoke, steam, sparks or soot—no expense of men and teams for hauling water and coal—no loss of time to raise steam—no danger of boiler explosion.
The consumption of gasoline is less per acre than that of any other gas-tractors. They can be turned around in less space than any others. They can be used where other outfits can not because of their excessive weight. You will find the machine for your requirements in the I H C line. See the local dealer, or, if you prefer, write the International Harvester Company of America, nearest branch house for catalogue and full information.

CANADIAN BRANCHES: International Harvester Company of Canada, Ltd., Toronto, Ontario, Canada. London, Montreal, Ottawa, Regina, Saskatoon, St. John, Winnipeg, Toronto.

MRS. MATHEWS WAS UNDER BIG STRAIN

During Her Cross-Examination She Seemed to Have the Neuralgia

PERSISTED IN DENIALS

Dr. Bell Was the Last Witness Summoned and gave Expert Evidence on Physicians' Report

The taking of evidence in the Mathews extradition case was concluded at Monday afternoon's sitting of the district court. Mr. Parke continued his cross-examination of Mrs. Lorena Mathews, eliciting from her another string of denials, mainly in connection with the affidavits furnished by residents of Stillwater, Okla. Mrs. Mathews appeared to be suffering from neuralgia, for every now and then her head would give a twitch, and her handkerchief would come into commission. Other witnesses were Mrs. Mathews' two children, Fanny, aged fifteen, and James, aged ten; Harry Horswell, of the Clover Bar Coal Co.; Miss Ivy Deunum, of the same concern; Dr. Bell, who gave expert medical testimony.

Mrs. Mathews showed her dislike to being associated in any way with James Chapman, answering every question of counsel, in that direction, with a vehemence not likely to enhance the colored gentleman's personal vanity. She was greatly indignant over occasional slips on the part of both of the counsel when she would be characterized as Mrs. Chapman.

Mrs. Mathews stated to Mr. Parke that her reason for going to Perry, Okla., after her husband's demise was that it was on the way to her parents' home which was in Ponca City. She stated further that she never met Chapman at the station nor had any correspondence with him whatever. Asked as to the time she met Chapman in Edmonton, she said that it was on a Sunday morning and on Jasper avenue. She was staying at the St. James Hotel. Some affidavits by citizens of Stillwater, but Mrs. Mathews declared that the authors of them were all pretences.

Fanny and James Mathews did not throw much light on the affair merely corroborating one another in a few immaterial details.

Dr. Bell was shown the reports of the doctors who had performed the autopsy on the body of the deceased, Mathews, and as far as he was able to decide from it the dead man succumbed from heart failure. However, he said, it was hard to decide from a mere report.

TENDERS

TENDERS will be received at the office of Short, Cross, Biggar & Cowan, 14 Howard street, Edmonton, up till noon of the 25th day of May, 1910, for the purchase of the undermentioned property:

All that part of the southwest quarter of Section 1, Township 51, Range 26, west of the Fourth Meridian, not covered by the waters of the Saskatchewan river, containing of acres more or less, reserving mines and minerals, also all coal within, upon or under that part of said section lying north of said river.

All that part of the northwest quarter of Section 24, Township 52, Range 25, West of the Fourth Meridian, which lies to the south of the Saskatchewan river, containing 27 acres more or less.

Lots numbered 7 and 8 in Block 1, River Lot 11, of the Edmonton Settlement, of record in the Land Titles Office for the North Alberta Land Registration District as Plan 6291 S, with all buildings and erections thereon.

One high pressure compound engine made by Robt. Lincoln, Eng., said to be of actual 50 h.p. Quantity of cast steel and other appliances used in gold dredging, which may be seen at the parcel of land last above described.

Tenders will be received for the whole or any one of the above mentioned properties.

The highest or any tender not necessarily accepted.

Dated at Edmonton this 11th day of May, 1910.

Short, Cross, Biggar & Cowan,
Solicitors for Vendor.

May 11-14-17-19-21-23.

NOTICE

NOTICE is hereby given that the undersigned intends to apply one month after the date of the first publication of this notice to the Governor in Council for approval of the plan and site of the proposed diversion of the North Saskatchewan River at a point known as Rocky Rapids in the Province of Alberta.

NOTICE is also given that plans of the proposed works together with a description of the site have been deposited in the Office of the Minister of Public Works at Ottawa, and in the Office at the Registrar of the North Alberta Land Registration District at Edmonton, in the Province of Alberta aforesaid.

Dated at Edmonton, in the Province of Alberta, this 30th day of April, A. D. 1910.

FORTUNES IN CALIFORNIA OIL

One Good Investment Worth a Life-Time of Labour Here is an Opportunity for the Man of small means

This advertising announcement is especially directed to such readers of this paper as are honestly interested in their future; men and women who are not living altogether for today, but who have before them a definite and fixed purpose, and so shape their destiny each day, by word and deed, so that at some date not far in the future they may be able to achieve the crowning event of their lives.

It is only human that we should each desire to have in our own name much of this world's goods, sufficient at least to provide for comfort and independence during our old age. It is quite true that only a lucky few attain this position in the days of their youth.

Are you satisfied with your future prospects? Do you know beyond the shadow of a doubt that within three or five years' time you will amass a fortune?

Could you say to yourself, right now, that in the next eighteen months you will have practically made or saved from the investments which you are making today sufficient funds to provide for yourself and family a comfortable living for ten years' time?

Millions from a few Dollars in Oil

Chanslor and Canfield were both poor prospectors. Realizing the great possibilities and future of the California oilfields, they placed their savings in the oil industry and are today rated as multi-millionaires.

Zed, Phillips, four years ago last September, alighted from the train in the Coalinga Field, and was the possessor of \$23. The magic "23" did not disturb him; he was the proud owner of a million dollars' worth of grit, nerve and energy. He worked hard, saved his money, and did things. He invested his earnings in the oil fields and as a result he is now worth a quarter of a million.

It would be difficult to devote much space to such men as Doheny, O'Donnell, Chanslor, Hardison, Stewart and the hundreds of others who through small investments in the great oil industry of California became men of wealth.

Don't sigh and regret—Do something

We often look back and think to ourselves that had our foresight been as good as our hindsight, we would have done differently. This looking back to disappointments that have passed is particularly interesting in connection with the California oil fields.

Others have made Money in Oil—Why not you?

The following is a list of "ifs" that are opening investors' eyes to the possibilities of California oil shares:

If you had invested \$100 at ground floor prices in—

Silver Tip, you could have made.....	600
W.K., you could have made.....	1000
Sterling, you could have made.....	1000
Premier, you could have made.....	1100
Monte Cristo, you could have made.....	1120
Record, you could have made.....	2000
S. F. & McK., you could have made.....	2400
Saver Dough, you could have made.....	4160
Lucile, you could have made.....	5000
San Joaquin, you could have made.....	5700
Peerless, you could have made.....	6350
Kern River, you could have made.....	9500
Central Oil, you could have made.....	15000

If you had purchased Pinal Oil shares at 25c per share, you could have sold at \$25 per share; it pays a regular monthly dividend of 15c per share — a monthly income of \$60 on an original investment of \$100.

When the "Silver Tip" well in the Coalinga oil fields came in, this stock jumped in a night from \$600 to \$2 and has been paying a dividend of 100c per share ever since. This is recent history having occurred but a short time ago.

You have the same opportunities today in the Coalinga oil fields and plenty of them, but you must think, reason and analyze for yourself before you can hope to acquire your share of the world's wealth, you must have the courage of your convictions and act.

Advantages of Investments in Oil Securities

It is stated by the best of oil authorities that 66 per cent. of the wells drilled in the proven zone of the Coalinga field produce oil. You must therefore realize that the element of risk in an oil investment is practically eliminated. Furthermore, placing your money in oil companies means quick, and in most cases, large returns, particularly so in cases where the companies are operating in shallow territory which assures inexpensive drilling and quick action on the invested capital.

Crude oil at the present market price is being purchased from the producer at sixty-three cents per barrel at the well. Mr. Aubrey, California State Mineralogist, states that oil at \$1 per barrel is cheaper fuel than coal. Two and a half barrels of oil are equal to as fuel a ton of coal, so that quantity of oil at a dollar a barrel or 250 is the equal of a ton of coal at \$8.00.

Taking the federal geologist's figures as a basis of calculation, there is at present in the Coalinga District oil worth \$2,000,000,000. The great Coalinga mines produced only \$845,000,000.

The Property of the Coalinga Eureka Oil Company close to great Cusher Well

The holdings of the Coalinga Eureka Oil Company consists of eighty acres, situated in Section 24, Township 21 South, Range 14 East, Fresno County, California, separated by only two sections from the famous Section 6, the home of the great "Silver Tip" gusher, and of the Lucile, Amy, Pacific States Oil Companies, etc., all of whom rank foremost among the big producers of this great field. Section 18, adjoining the Coalinga Eureka property, is the scene of unequalled activity. Derricks have been built, tools hauled out and drilling operations are being carried on with relentless energy. It is the undoubted opinion of experts and practical oil men that Sections 18 and 24 are destined to produce some of the most remarkable wells in the Coalinga field. E. W. Preston, probably the best expert in the whole of the Coalinga field, and Superintendent of the Consolidate Oil Company (which joins our Coalinga Eureka property) also General Manager of the New York Coalinga and Aladdin Oil Companies (all producing) writes regarding the property of the Coalinga Eureka Oil Company:

"You ask me to give an expert report on your land in Sections 24, 21 and 14. I have just returned from a very careful examination of the property. You have the same identical information that has made the entire west side of the Coalinga field famous. You are sure to get good wells at medium depth. This property adjoins our property and I have been trying to purchase this same tract. While regret that we were unable to procure it, I cannot refrain from congratulating you on securing such a desirable piece of oil land. It means success to your Company."

Plans of the Company

It is the plan of the Company to drill and complete at least four wells during the present year. These wells, according to the output of the wells on adjacent property, should have an average yield of 400 barrels per well, or 1,600 barrels per day, 48,000 barrels per month, which would enable the Company to pay dividends to the stockholders of from 3 to 5 per cent. per month, besides holding in reserve a large sum of money for further development.

Stocks and Disposition of Funds

To complete their first well, the Company is placing on the market a block of 50,000 shares of Treasury Stock, fully paid and non-assessable, at 25c per share; when this stock is disposed of, the price will be materially advanced.

The money received from the sale of this stock will be expended in developing the property, and not in fancy salaries. There are no salaried officials.

Our Officers and Directors

Edward Meath, the President holds the very responsible position of Treasurer of Pierce County, Washington. Mr. Meath is identified with some of the largest commercial and financial institutions in that State, and is considered to be one of the most forceful, energetic, and successful business men in the State of Washington.

Hon. W. H. Kerr, the Vice-President, is an ex-Superior Court Judge of Fresno County, California. Judge Kerr is one of the first settlers and pioneer operators in the Coalinga field. It is the consensus of opinion that he is today the best informed person re local conditions in the Coalinga Oil field as well as one of the ablest oil experts and operators in all the California oil fields.

Judge Kerr will take care of all development work on the Company's property, giving it his undivided personal attention, thereby assuring good judgment and conservatism in the management of the Company's field operations.

A. Roland, the Secretary, is one of the early operators in the Coalinga oil field and is prominently identified with the oil industry throughout the State of California. He is a man of unquestionable integrity and superior judgment.

E. Y. Grasset, one of Vancouver's most prominent contractors, a native son of Ontario, well known in social and commercial circles in Toronto. Mr. Grasset has proved himself to be thoroughly conversant with all matters of finance, and from the manner in which he has succeeded in his own business, has been elected to the Board of Directors of this Company.

Mr. Grasset is a valuable acquisition to the Board of Directors; careful in his judgments, conservative in all his business undertakings, thoroughly experienced in the control of corporations. He will render a good account of himself and will surely act in the best interests of the shareholders of this Company.

H. S. Ford, M.D., C.M., one of our leading physicians, is a graduate of McGill University, Montreal, and is a well-known practitioner. He has established a most enviable reputation as a successful business man; far-seeing in all his investments and possessing natural shrewdness, he has proved himself to be a master of finance and a very capable business manager.

So promising are the holdings of this Company, so good the prospects of the same, that eminent geologists and oil experts say that the Coalinga-Eureka Oil Company will bring into existence in the very near future oil wells which will produce enormous profits for the shareholders.

Now is your opportunity to acquire a holding in this corporation when the shares are selling at ground floor prices.

Only a limited block of stock is to be sold at the ground floor price of 25c per share.

We expect that the issue of 50,000 shares at 25c per share will be over-subscribed within the next two weeks' time.

No applications will be received for shares at 25c after Saturday, May 28th. Should there remain any unsold shares after that date they will be withdrawn from the market and a new issue placed on the market on June 1st at, in all probability, 35c or 40c. The price will be advanced from month to month as the development of the property warrants. It is expected that on the 1st of July the shares will be selling at 60c or 75c each.

Do not delay in mailing your application since this advertising announcement appears in over 200 publications and there are only 50,000 shares to be sold at 25c.

Sit down now and wire the Coalinga-Eureka Oil Company, Vancouver, to reserve your shares, then mail your cash payment by first mail.

Remit by cheque, bank draft, express money order or postal note, and make all payments payable to George L. Taschereau, Trustee, for the Coalinga-Eureka Oil Company, at par, in Vancouver, B.C.

In directing your wire it will be sufficient to say:

"The Coalinga-Eureka Oil Company, Vancouver, B.C.—Reserve..... shares, mailing remittance today. Signed....."

No application will be received for less than 100 shares. Remit all cash, or an easy payment plan as per schedule attached.

Remember, this stock is non-assessable—the company is a limited liability corporation.

When you have paid your 25c in full a certificate will be issued at once showing that your stock is fully paid up and non-assessable, each share having a par value of \$1.

What Your Money will Buy

Cash Plan (5 p.c. deducted).	
\$ 23.75 will buy 100 shares.....	par value \$ 100
47.50 will buy 200 shares.....	par value 200

Gigantic Reductions on Ladies Corsets 95c

We are throwing out several odd lines in Ladies' Corsets for Wednesday Sale. They are the "Royal Worcester" and from our regular stock. Many of them are worth \$3.00, but owing to the fact that the makers have given up making these numbers we have decided to clear them out on Wednesday for **95c**

HUDSON'S BAY CO.

Additional Sport (Continued from Page Three.)

BRANDON SUN ROAD RACE.

Brandon, May 24.—Geo. Kirkness, an Indian from the Industrial school, the winner of the Sun's race last year, won again today in 57:24 and the cup becomes his. Tom Lambert, another Indian, who was second last year, was second again. Jacob Worth ran third. Eleven started.

Bad Day for the Pitchers (Continued from Page Three)

No runs. Sixth Innings—Lynch grounded, Morse to Deacon. Dudley doubled to centre. O'Hayr tripled to left scoring Duggan. Brogan walked and advanced second, but Dell caught O'Hayr at third. Nice play of Brennan's. Pitch grounded, Schütz to Deacon. One run.

Edmonton—Spencer grounded to O'Hayr. Pich covering the sack. Schütz dropped a Texas leaguer in left. Fast double, Mackin to Chick to O'Hayr. Disposed of Sammy and Deacon. No runs.

Seventh—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Eighth—Dell hit to right. Morse grounded out, O'Hayr to Pich. Brennan took a shooter in the back. Mackin to first. Left. Tripled over the centre fielder's head, driving Brennan in. Mills came through with a single, scoring Mackin. Pich grounded, Schütz to Deacon. One run.

Ninth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Tenth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Eleventh—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twelfth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Thirteenth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Fourteenth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Fifteenth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Sixteenth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Seventeenth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Eighteenth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Nineteenth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twentieth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twenty-first—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twenty-second—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twenty-third—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twenty-fourth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twenty-fifth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twenty-sixth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twenty-seventh—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twenty-eighth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Twenty-ninth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Thirtieth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Thirty-first—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Thirty-second—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Thirty-third—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

Thirty-fourth—Mackin drew a charity and sole second. Head drive a hard one at Dell who threw to first and got the batter. Chesty sacrificed to right, scoring Mackin. Chick then tripled to centre. M's took care of a long fly from Lynch. One run.

LACROSSE GAME THURSDAY.
A lacrosse match has been arranged on clubs for next Thursday evening, between the Edmonton and Strathgordon teams. A full turnout of the Edmonton club for practice is called for Wednesday night, when the team for the game will be picked. The following are especially requested to be on hand: May, Sme, Polander, Peters, Lewis, Weaver, Thompson, Oliver, Gordon, Stevens, Smart, Herlick, Scott, Vaughn.

MERCHANTS BANK WON.
At a game of baseball played yesterday morning between the Merchants Bank and J. H. Morris & Co.'s, the former won with a score of 12 to 10.

WERE IMPRESSED WITH EDMONTON

Visiting Winnipeg Business Men Spoke Enthusiastically of Their Reception in This City

The luncheon tendered the Winnipeg business men, who visited Edmonton on Monday in the course of a tour of the West, at the King Edward Hotel, was voted by the visitors the pleasantest incident of their trip.

The arrangements could hardly have been better. President Drewry of the Winnipeg Board of Trade rose just before adjournment to express appreciation of the enterprise of the existence of so ideal a place for such a gathering gave evidence. President McGee of the Edmonton Board of Trade occupied the chair and made a very neat and effective speech in welcoming the visitors, calling attention to the wonderful development which the city had attained in a short space of time and what it had to lead its people to look to the future with confidence. Mayor or Lee heartily seconded Mr. McGee.

F. W. Heubach, chairman of the Winnipeg Industrial Bureau, returned thanks for the courtesies which had been extended, dwelt upon the community of interest which existed between all the cities of the West, and emphasized the great advantage to be derived by the business men from taking such tours as that in which they were participating. The effect was found to be an enlargement of vision and greater ability to grasp opportunities when they offered. He urged that Edmonton citizens should organize a reception committee to look after the thousands of visitors who would come to the West in 1914, attracted by Winnipeg's Centennial Exposition, the success of which was now assured.

President F. W. Drewry of the Winnipeg Board of Trade spoke with enthusiasm as to Edmonton's future. Thirty years ago he had seen the growth of Winnipeg coming with the development of the territory to the west and that of Edmonton was just as certain with the great rich country that lay behind it.

Dr. J. W. Jones, U. S. consul-general for Western Canada, made the announcement that the appointment of an American consul at Edmonton had been recommended. He was pleased to see the influx of his former countrymen in Alberta. Dr. Jones' recital of the story of three mongrel dogs, in which the success of the canine which struck out for itself and got so far away from home that nobody knew its breed and accordingly thought it must be an exceptionally high class animal, brought much amusement.

Dr. J. W. Jones, U. S. consul-general for Western Canada, made the announcement that the appointment of an American consul at Edmonton had been recommended. He was pleased to see the influx of his former countrymen in Alberta. Dr. Jones' recital of the story of three mongrel dogs, in which the success of the canine which struck out for itself and got so far away from home that nobody knew its breed and accordingly thought it must be an exceptionally high class animal, brought much amusement.

President F. W. Drewry of the Winnipeg Board of Trade spoke with enthusiasm as to Edmonton's future. Thirty years ago he had seen the growth of Winnipeg coming with the development of the territory to the west and that of Edmonton was just as certain with the great rich country that lay behind it.

CITY BONDS BRING LITTLE OVER PAR

Council Decided to Accept Tender of Canadian Agency

GOOD PRICE WAS SECURED

Said to Be About the Highest Paid for Municipal Bonds in the West

At the meeting of the city council last Monday night the city's 4½ per cent. debentures, totalling \$1,676,000, were sold to Canadian Agency, Limited, London, Eng., at 100.175 on the hundred dollar. The price secured is one of the highest paid yet for municipal bonds in the West, and compares very favorably with the former prices received for Edmonton bonds.

The different figures in order that they were submitted were as follows, all being net price at Edmonton: J. Addison Reid—\$1,594,340.00 or \$95.12 per \$100.

Ontario Securities Ltd.—£98.57 per \$100.

Coates, Son & Co.—£99.0-6, or £99.02 per \$100.

Royal Securities, Ltd.—£99.13 per \$100.

C. Meredith & Co.—£99.1-32 per \$100.

Wood, Gundy & Co.—£99.5-6, or £99.57 per \$100.

Canadian Agency, Ltd.—£100-3-6, or £100.175 per \$100.

Delivery at the first of July is called for.

The Canadian Agency, Ltd., transacted its business through its Edmonton manager, H. M. E. Evans. It was this firm who made the purchase of two million dollars of provincial telephone debentures last year.

The following bylaws were passed, and will be voted on June 20th: \$175,000 for an additional grant to the new hospital; \$25,000 for the exhibition grounds; and \$25,000 for the public library. The Brutinel radial railway agreement was laid over until Thursday as word had not yet been received from Mr. Brutinel who is in Montreal conferring with his associates. The bylaw allowing the Pinstash Gas Company to establish a plant in Edmonton was passed, and the bylaw regulating the discharge of firearms was amended to make it an offence to use them anywhere within the city limits.

FARMER WON KING'S PLATE

Toronto, May 25.—The following is the result of the King's Plate: Farmer, first by ten lengths; Cammola, second; Jane Shore, third. Time, 2:12 3-5. Jane Shore was the favorite.

Farmer is owned by the Valley Farm stable of Hamilton. J. Wilson had the mount on the winner.

General criticism of the Canadian army. He was most pleased with the steadiness of the troops in review. There was need for giving more time to Canadian military duty than ever before, so that Canada continue to hold her own against invasion. Fifty thousand save the review from the surrounding hills of the Don Valley and about 1500 soldiers were in line.
